## High Horse

Have you ever seen a High Horse in your lifetime?

It would be a sight to see:  
A big horse standing in your way,  
A big man sitting on the horse,  
Waiting to greet you at the door of the Lord.  
He will be a very good friend,  
And he will take you travelling  
Right up to the very end.

The High Horse is gentle and strong and white,  
The man is tall and slim.  
Have you seen this man before in your lifetime?  
I'll tell you all about him.  
He lives in a Big White Castle  
And His name is God.  
The next time that I see Him,  
He's gonna give me my Life.

The Big White Castle is up in the sky,  
Way, way up in the sky,  
And you can go to the castle  
'Cause the High Horse can fly so high.  
I met this High Horse in my dream,  
By the white house on the ledge.  
He offered to fly me up in the sky,  
Up to the very edge,

Where I could meet his good friend Goid,  
Who sent him down to meet me.  
He let me pet him and he talked to me,  
And this is what he said:  
'Karina, will you fly with me?  
I want to take you there.  
We'll be very comfortable  
Flying through the air.

Going away, far away,  
Up to the home of God,  
Where we will play games all day long,  
An talk, and sleep, and sing.'  
So Karina said to the good High Horse,  
'I will take you Home,  
Where we will both be happy,  
Never more to roam."
